## INTERNATIONAL SEARCH REPORT

International application No.
PCT/JP2004/016776

A. CLASSIFICATION OF SUBJECT MATTER Int.Cl <sup>7</sup> C07K14/705, C12N15/12, C12N5/10, A61K67/027							
According to Intern	According to International Patent Classification (IPC) or to both national classification and IPC						
B. FIELDS SEAR	RCHED						
Minimum documentation searched (classification system followed by classification symbols)  Int.Cl <sup>7</sup> C07K14/705, C12N15/12, C12N5/10, A61K67/027							
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched  Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)							
JSTPlus (	(JOIS), BIÖSIS/WPI(DIALOG)						
C. DOCUMENT	S CONSIDERED TO BE RELEVANT						
Category*	Citation of document, with indication, where appr		Relevant to claim No.				
A	Matsunami K. et al., Protection against natural killer-mediated swine endothelial cell lysis by HLA-G and HLA-E, Transplant. Proc., 2000, Vol. 32, No.5, pages 939-40		1-3				
A	Braud V.M. et al., HLA-E binds killer cell receptors CD94/NKO Nature, 1998, Vol.391, No.6669	G2A, B and C,	1-3				
A	Matsunami K. et al., Modulation of the leader peptide sequence of the HLA-E gene up-regulates its expression and down-regulates natural killer cell-mediated swine endothelial cell lysis, Transplantation, 2002, Vol.73, No.10, pages 1582-9		1-3				
X Further doc	numents are listed in the continuation of Box C.	See patent family annex.	<u> </u>				
"A" document defining the general state of the art which is not considered to be of particular relevance  "E" earlier application or patent but published on or after the international filing date  "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)  "O" document referring to an oral disclosure, use, exhibition or other means document published prior to the international filing date but later than the priority date claimed		To later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention  (X") document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone  (Y") document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art document member of the same patent family  Date of mailing of the international search report  12 April, 2005 (12.04.05)					
24 March, 2005 (24.03.05)		12 April, 2005 (12 Authorized officer	.04.00)				
Name and mailing address of the ISA/ Japanese Patent Office		Telephone No.
